Dear Dunean Resident,

At the request of residents of the Dunean Mill Community and the Greenville County Planning Commission, the Greenville County Planning Department staff has officially begun a process to create a community plan for the Dunean area.

Much has changed since the Dunean Mill Village was created in the early 20th century, and with this historic community on the cusp of its second century, a plan for the orderly growth, development and improvement of Dunean, as well as the preservation of your neighborhood's historic resources is appropriate. The planning process about to be started is intended to bring together the residents of your neighborhood to create a vision for the next 20 years, as well as organize those involved in your community, who are committed to its improvement, around goals and strategies which will help make this vision a reality.

Often, during the creation of these community plans there is a good deal of misinformation present, which causes some confusion about the nature and intent of the planning process. The Frequently Asked Questions page, included in this packet, is intended to help clarify what this plan will and will not do for the residents of the Dunean Community. Please look it over and get in touch with us if there are any additional concerns.

The main goal of the Greenville County Planning Department in the facilitation of the creation of this plan is to make sure this document reflects the interest of the greater community. This plan will allow residents a unique opportunity to come together, along with representatives from local

government and the business community to develop solutions to community problems, determine various ways to improve the prosperity of the community and leave a lasting legacy that preserves the historic charm and character of Dunean for future generations. We are hoping to gain public input at all stages of the plan and there are many way you can participate:

- **Fill out and return the enclosed short survey**
- Volunteer to participate in a brief interview with staff
- Attend the multiple public meetings held throughout Winter and early Summer
- Volunteer to be a “Community Leader” in the creation of the plan

You, your family and all residents of Dunean are formally invited and encouraged to attend the Kickoff of the Dunean Mill Community Plan on **February 16th at 6:30 pm.**

Dunean Community Plan Kick-Off

Dunean United Methodist Church

31 Stevens St. Greenville, SC 29605

Please review the enclosed documents and feel free to contact us with any additional questions you may have. We are excited to begin this process in your community and look forward to meeting and speaking with each of you soon.

Sincerely,
J Kevin Robinson, AICP
