

## Outdoor Lighting

Outdoor lighting can add beauty and security to your home. With our turnkey outdoor lighting service, installing and maintaining lighting outside has never been easier.

Duke Power's outdoor lighting service includes installation, monthly electricity usage and maintenance for one low monthly fee. Plus, you can choose from a variety of products to create any mood and compliment many architectural styles. Most fixtures are available in your choice of black, bronze, green and gray. Our lighting systems provide automatic dusk-to-dawn operation.
