**II. Signatures and Certifications: (DO NOT SIGN IN BLACK INK or USE Electronic, Scanned, or Copied Signatures)**

A. I hereby certify that all land disturbing construction and associated activity pertaining to this site shall be accomplished pursuant to and in keeping with the terms and conditions of the approved plans. I also certify that a responsible person will be assigned to the project for day-to-day control. I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the design system or those directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

I hereby grant authorization to the Department of Health and Environmental Control and/or the local implementing agency the right of access to the site at all times for the purpose of on site inspections during the course of construction and to perform maintenance inspections following the completion of the land disturbing activity.

-----------------------------------	--------------------------------	----------------	------

B. Designer Certification – The requested copies of the site plans folded & stapled in sets, all specification and supporting calculations, forms, and reports are herewith submitted and made part of this application. I have placed my signature and seal on the design documents submitted signifying that I accept responsibility for the design of the system. Further, I certify to the best of my knowledge and belief that the design is consistent with the requirements of Title 48, Chapter 14 of the Code of Laws of SC, 1976 as amended, and pursuant Regulation 72-300, and County Ordinance: 4281.

Prior to approval, for all permanent stormwater management features, I will submit a statement and an as-built certifying that construction is complete and in accordance with approved plans and specifications. This will be based upon periodic observations of construction and a final inspection for design compliance by me or a representative of my office who is under my supervision. (To be signed by a registered professional responsible for construction)
